BEV PERDUE

DEMOCRAT FOR GOVERNOR

THE CHANGE WE NEED

Bev Perdue has been breaking down barriers her whole life, becoming the first woman elected to the State House from her part of the state and the first woman to serve as Lt. Governor. She'll bring the change we need by working to make our state the best educated and healthiest in America.

FIGHTING FOR THE MIDDLE CLASS

Bev Perdue has been taking on the special interests and fighting to create jobs her whole career. She fought to keep our military bases and the \$18 billion and 350,000 jobs they mean to the state's economy, and she's pushing for a Main Street Solutions initiative to boost the economy of small towns and cities across the state.

TRUSTED BY THE PEOPLE WE TRUST

Bev Perdue's campaign to create jobs and fight for our economy has been endorsed by the leaders we trust, including Senator Barack Obama, North Carolina teachers, police, nurses and over a dozen mayors across the state, including former Charlotte Mayor Harvey Gantt and current Charlotte Mayor Pro Tem Susan Burgess.
